Introduction

The new Strike™ Content Expansion is a collection of new Kits and Styles for the Strike RTAS® instrument plug-in brought to you by Digidesign®. The Strike Content Expansion vastly increases the sound capabilities of your Strike plug-in.

Strike Content Expansion Features

The Strike Content Expansion contains the following new features:

- ◆ 100 new authentic drum Settings and Styles based on real recordings
- ◆ 2 new electronic drum kits based on highly accurate recordings of the most important analog drum machines
- ◆ 3,000 new flexibly editable patterns for interactive real-time arranging and composing
- ◆ 10 new preset Mixes

System Requirements

To use Strike Content Expansion you need the following:

- ◆ Strike 1.0 or higher installed on your system
 - and –
- ◆ A Digidesign-qualified Pro Tools|HD® system, Pro Tools LE™ system, or Pro Tools M-Powered™ system
 - or –
- ◆ A Digidesign-qualified Pro Tools system and a third-party software application that supports the Digidesign RTAS plug-in standard

For complete system requirements visit the Digidesign website (www.digidesign.com).

Compatibility Information

Digidesign can only assure compatibility and provide support for hardware and software it has tested and approved.

For a list of Digidesign-qualified computers, operating systems, hard drives, and third-party devices, visit the Digidesign compatibility pages (www.digidesign.com/compatibility).

Working with Plug-ins

Refer to the *DigiRack Plug-ins Guide* for information on working with plug-ins, including:

- Inserting plug-ins on tracks
- Using Clip indicators
- Navigating the Plug-in window
- Adjusting parameters
- Automating plug-ins
- Using the Librarian

Working with Strike

Refer to the *Strike Plug-in Guide* for more information on working with Strike.

Conventions Used in This Guide

All Digidesign guides use the following conventions to indicate menu choices and key commands:

Convention	Action
File > Save	Choose Save from the File menu
Control+N	Hold down the Control key and press the N key
Control-click	Hold down the Control key and click the mouse button
Right-click	Click with the right mouse button

The following symbols are used to highlight important information:

 *User Tips are helpful hints for getting the most from your Pro Tools system.*

 *Important Notices include information that could affect your Pro Tools session data or the performance of your Pro Tools system.*

 *Shortcuts show you useful keyboard or mouse shortcuts.*

 *Cross References point to related sections in this guide and other Digidesign guides.*

About www.digidesign.com

The Digidesign website (www.digidesign.com) is your best online source for information to help you get the most out of your Pro Tools system. The following are just a few of the services and features available.

Product Registration Register your purchase online. See the Digidesign Registration Information Card included with your system for instructions.

Support and Downloads Contact Digidesign Technical Support or Customer Service; download software updates and the latest online manuals; browse the Compatibility documents for system requirements; search the online Answerbase or join the worldwide Pro Tools community on the Digidesign User Conference.

Training and Education Study on your own using courses available online or find out how you can learn in a classroom setting at a certified Pro Tools training center.

Products and Developers Learn about Digidesign products; download demo software or learn about our Development Partners and their plugins, applications, and hardware.

News and Events Get the latest news from Digidesign or sign up for a Pro Tools demo.

Installation

Installing the Strike Content Expansion

To install the Strike Content Expansion:

- 1** Double-click the Installer application.
- 2** Follow the on-screen instructions to complete the installation of the new content.
- 3** When installation is complete, click Finish (Windows) or Quit (Mac).

chapter 3

Features

New Styles

The Strike Content Expansion provides 100 new Settings and Styles, 2 all-new Kits and 10 new Mixes. The new content is listed below.

In the Strike Browser and in the following list, the new Settings, Styles, Kits, and Mixes are marked with a Plus symbol (+) added at the end of the name. For example: "12-8 Rock+128".
